

The image shows a stack of white plastic casings in the background, with several brown Viskase casings in the foreground. The Viskase casings are cylindrical and have the brand name 'VISKASE' printed on them in white. One casing is partially unwrapped, showing the sausage inside. The background is a plain white surface.

POLYJAX[®] Plastic Casings

VISKASE[®] Inventors, Innovators, Global Leaders

POLYJAX®
Plastic
Casings

Polyjax® plastic casings are polyamide casings with barrier characteristics and excellent shirred stick properties. Polyjax® casings are ideal for efficient and consistent meat product processing.

Product Description

POLYJAX® Plastic Casings:

- Polyamide resins
- Caliber uniformity
- Shirred in ready-to-use sticks
- Barrier protection
- Standard to long length
- Available in a variety of colors

Optimized Profitability

POLYJAX® casings are designed to help you optimize your profits by:

- Specifically designed for high-speed automated production of hot dogs, sausages, chorizo products, and other meat snack sticks
- Produced in a wide range of colors and calibers for use across many processed meat products
- Shirred to be ready-for-use on today's fastest stuffing machines
- Optionally printed (front and back) with up to 6 colors; high quality process or line printing is available to enhance your brand and product's visual appeal

Viskase® provides the best quality casings meeting the highest food safety standards!

We commit to continuous improvement management systems to ensure safer products, better quality and full traceability.

Sizes

From 16mm
to 40mm

Colors

Clear, Light Wedzone,
Wedzone,
Light Orange.
Other colors are
available upon
request.

Printing

1 to 6 colors
(front and back).
Line or Process Print.

Finished Format

Ready-to-use
shirred sticks.
Stick lengths from
17m (55 feet)
to 34m (110ft).

USE OF POLYJAX®:

POLYJAX casings are designed for high speed, automated production of hot dogs, sausages, chorizo products and meat snack sticks.

POLYJAX® Plastic Casings

| Casing Size | RSD (mm) |
|-------------|-------------|

| 17 | 18.0 – 18.5 |
| 18 | 19.0 – 19.5 |
| 19 | 20.0 – 20.5 |
| 20 | 21.0 – 21.5 |
| 21 | 22.0 – 22.5 |
| 22 | 23.0 – 23.5 |
| 23 | 24.0 – 24.5 |
| 24 | 25.0 – 25.5 |
| 25 | 26.0 – 26.5 |
| 26 | 27.0 – 27.5 |
| 27 | 28.0 – 28.5 |
| 28 | 29.0 – 29.5 |

| Casing Size | RSD (mm) |
|-------------|-------------|
| 29 | 30.0 – 30.5 |
| 30 | 31.0 – 31.5 |
| 31 | 32.0 – 32.5 |
| 32 | 33.0 – 33.5 |
| 33 | 34.0 – 34.5 |
| 34 | 35.0 – 35.5 |
| 35 | 36.0 – 36.5 |
| 36 | 37.0 – 37.5 |
| 37 | 38.0 – 38.5 |
| 38 | 39.0 – 39.5 |
| 39 | 40.0 – 40.5 |
| 40 | 41.0 – 41.5 |

Stuffing / Clipping:

Select the proper clip size and adjust clipping pressure to ensure a tight fit without causing damage to the casing. Stuffing beyond the Recommended Stuffing Diameter may result in casing breakage.

POLYJAX® is intended to be used as a mold to shape the product during food processing and is not meant to be eaten. POLYJAX® is indigestible and must be removed prior to eating.

Storage & Handling

POLYJAX® casing recommendations:

- Use within one year of delivery
- Store in a cool, dry place
- Avoid hot or freezing cold storage areas
- Seal in original containers until use
- Replace unused containers in airtight bags in original container
- Use oldest stock first
- To avoid damaging casing, do not open cartons with knives, sharp instruments or hooks
